## The art of tomorrow today

Welcome to a spectacular meeting with the arts and Norwegian nature only 15 minutes from Oslo. HOK is a leading venue for 20th century and contemporary art, as well as experimental sound works. The art center is located in scenic surroundings with a large sculpture park by the Oslofjord and is a donation from figure scater Sonja Henie and Niels Onstad. HOK presents temporary and permanent exhibitions and the collection includes Picasso, Schwitters and Matisse. Experience the art, enjoy a stroll in the green surroundings and have a bite to eat at the Bølgen & Moi restaurant or take a picnic by the sea. Guided tours in Norwegian and English.
