

## Fetsund Lenser – Walk on water

Experience the national cultural heritage site of the only timber boom facility in Norway. Learn about the work and life of the once largest industries in Norway's history. Situated outside Fetsund in the river Glomma, the facility spans 2,5 km with exhibits and historical buildings spread across. With full access to the water based facility you have the option of «walking on water» on the floating paths.

Enjoy a taste of the popular local specialty pike burger and visit the charming museum shop. The wetlands visitor center offer exciting and family friendly exhibits and activities about the local fauna and flora.

Welcome to an experience you won't forget!
