Experience the Dalsland canal by narrowboat and stay in a hotel by the lake

Experience Dalsland in the best possible way, with a classic canal trip on the Dalsland canal. Enjoy locally produced food and drinks and sleep well over two nights in a lakeside hotel. The experience starts and finishes in Bengtsfors or Håverud.

Once you've checked in at First Hotel in Bengtsfors, there are lots of activities to choose from, have a session in the gym, visit Majberget museum, or relax and have a drink by the pool. After dinner, you can take a walk along the shoreline promenade. After a tasty breakfast, it's time for a day cruise on one of the beautiful narrowboats. A journey that takes you past romantic mill towns and mansions that are all connected by beautiful lakes. You'll pass by 16 locks, narrow passageways, open lakes and the famous aqueduct in Håverud. The boat is fully licensed and serves a lunch of locally produced ingredients with salmon from Håverud Smokery.

When we reach Håverud, you'll experience the famous combination of a country road bridge, railway bridge and aqueduct. A short walk along the Upperudshöljen lake will take you to Håveruds Hotell. You can unwind in the Relax area before eating dinner on the large terrace. Full of energy after a good night's sleep and breakfast you'll have the chance to experience more of Håverud's nature and attractions. DVVJ's railcars will take you back from Håverud station to Bengtsfors.

The canal journey the opposite way

You can also experience this classic canal trip in the opposite direction. In that case we start in Håverud with a night at Håveruds Hotell. The day after, you'll take the narrowboat to Bengtsfors with a night at First Hotel, after which you'll take the railcar to Håverud the following day.
