

Ride to Losby Gods

Length (km): 23 km

Degree of difficulty: Easy to moderate

Region/area: Lillestrøm, Viken

Route description

The route starts at *Fetsund Booms*, the only remaining lumber sorting facility in the world, with fascinating displays both under cover and in the open air. Visit the waterside café and the museum shop. The area is also home to the *Northern Øyeren wetlands visitors centre* – an activity centre with further displays both inside and out. The trip takes you a little way along Nerdrumsveien and then on cycle paths to Lillestrøm, where you ride alongside the Nitelva river.

The *Nebbusvollan Open Air Baths* are very much a family attraction, while the route along the Nitelva and Sagelva rivers offers a host of other impressions and experiences. Here you can find the *Elvebredden Sculpture Park* with various sculptures and installations by acclaimed artists.

At Strømmen, alongside the Sagelva river, *Mølleparken* features a water-powered saw of 18th century design and a village mill. Strømmen Storsenter, moreover, in one of Norway's largest shopping centres.

Arriving at *Losby Gods* means experiencing a beautiful 1850s estate with an exciting history. As well as accommodating a prestigious hotel, the estate features golf courses and a café in the summer months. Not far from the hotel, the Losby valley and Østmarka - the Eastern Forest - provide you with a myriad of cycling options.
