four people, you can book yourself/  
selves on a scheduled tour, along with  
other guests.*

## Two days on horseback in the wonders of nature.

'The Grann Tour' is a 2-day ride that goes around the Grann lake in Dalsland. The lake is rich in fauna in a hilly landscape with some areas of pure wilderness.

At the meeting at Dalslands Aktiviteter, you'll be given a presentation about the horses, stables, equipment and guide. You'll take everything you need for the day's riding tour in your saddlebag. All of your personal luggage for overnight stays will be transported by car to the campsite. We'll ride with western saddles on trails in the forest and old gravel trails along the lake. When we take a coffee break, you can take the chance to swim in the pure water. We'll pass by a lot of historical places and you'll get to experience the wonderful Dalsland nature up close. We'll have lunch out

in the open, with coffee and cakes to finish off. When we reach the campsite, we'll take care of the horses. Removing the saddle, giving them water, food, give them an inspection and then let them go free in the pastures. In the evening, we'll sit on reindeer skins in front of the fire and enjoy a 2 course barbecue dinner, before you crawl into your sleeping bag for a good night's sleep in the Sami hut.

When you wake up and both rider and horse have eaten breakfast, we'll pack up our equipment and continue the ride around Grann lake. In the afternoon, we'll come return to the farm stables. The party will finish with a hearty lunch at Stenebygrytan restaurant.
