

KROPPEFJÄLL B & B

People have traveled to Kroppefjäll since way back in the days to care for their wellbeing and regain balance in life. There are those who go as far as to calling it a place of magic.

Well, we don't know about that but we do know that it makes no difference if you live in a big city or out in the country. When you arrive at Kroppefjäll B&B, you will take a deep breath of fresh air and exhale in a sigh of great relief. Then you will take a good look at the surroundings, and then you will smile.

At Kroppefjäll B&B we live life outdoors. We hike and bike. Sometimes we challenge ourselves and others at trail running for long or ultra-long distances in the bright summer nights. In winter we do cross country skiing. All year around we fish in the small lake of Mörttjärn. We watch the wildlife, moose, beaver, hawks and if we are really lucky, a wolf.

Sometimes we just do nothing at all.

At the end of the day we might build a camp fire and do some barbequing or take a sauna and a swim in the lake. When we get tired we retreat to our comfy rooms and beds for a good night's rest.

Come join us. We are really easy to find in the south of Dalsland, close to the great Lake Vänern. Just under two hours north of Gothenburg or 2.5 hours east of Oslo. Follow the E45 to Mellerud, or take the train or bus and we will pick you up at the train station.
