10.00

Departure from the Norwegian Forest Museum

approx. 19.30

Scheduled to be back at the museum.

NOK 985

per person

Minimum number required: 25 people

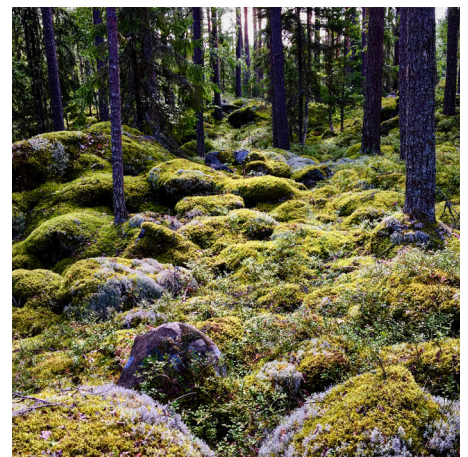

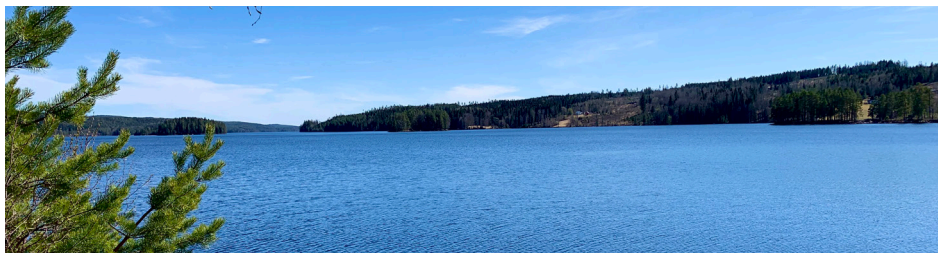

The bus tour starts at the Norwegian Forest Museum where it is possible to park your car. With enthusiastic and knowledgeable Gotmar Rustad as your guide, we set off for Kongsvinger along state highway 2.

There are many interesting stories about the local municipalities in Solør, and we will stop off along the way at the new church in Våler, among other places, as we make our way south along the river Glomma.

The first stop is Kongsvinger Fortress, which sits like a crown on top of Vingerberget. We will stop for lunch and a guided tour amid the splendid

historical settings. The tour continues eastwards to Finnskogen. Its idyllic lakes, never-ending forests and mysterious tales will enchant every visitor. The bus and guide will take us northwards along the border, where nature and cultural stories are closely intertwined, until we eventually end up at Gravberget Gård for dinner. Storgården farm from 1858 has had an important impact on the development of the rural community in the far east of the region.

After a tour of the farm and one last cup of coffee in Scandinavia's southernmost wilderness, we make the return trip.
