Price per person in a single room

NOK 4350

Min. number: 6 guests.

Max: 16 guests.

Other group sizes, transport, beverage packets, etc, upon request

Finnskogen – the mysterious borderland to the east.

Endless, practically untouched areas of forest, with an abundance of lakes, rivers and nature, where the only limit is your own imagination ...

Three days of activities on land and water in your very own kingdom! Following a guide, we take full advantage of a network of trails, pathways and forest roads, and offer a day of hiking, a day of cycling and a day canoeing.

We will explore parts of the Finnskogleden

walking trail, go canoeing on the beautiful Kynna water course, and explore the cultural history of Finnskogen from a bike saddle.

Back at Gravberget Gård after the day's excursion, a delicious dinner and side dishes is served. The evening concludes with stories told around the fireplace, in the wine bar or out by the bonfire.

Perhaps the evening will even give you the chance to gaze at the stars or listen to the howling of the wolves.
