## Unique, short-distance excursions close by. Start your dream holiday in the forest!

Welcome to Rolstad Farm, and our our newly build hut in the forest. Experience the silence and magical light summer nights around the fire by idyllic Lake Ellingsjøen, Fenstad.

The hut by Lake Ellingsjøen has no electricity but it is a place for you to recharge your own batteries! Choose between accommodation in the hut, hammock or a gapahuk lean-to.

We'll advise you which trees are the best for hammocks, give you help and advice if you are not used to sleeping outside, and can even provide dinner or eggs and freshly baked bread for breakfast. We can also give you a guided tour of the area if you wish.

Welcome to a fantastic start to your holiday!
