Ulvby Herrgård in Värmland

There's a special type of calm to the landscape around Fryken lake in fabulous Sunne, and you can make the most of staying at the historical Ulvsby mansion in the middle of Värmland's beauty. You are most welcome here, to experience the four villages around Sunne with a wonderful range of art and culture, and of course the delicious food. The bicycle tour mostly goes along tarmacked country roads in the expansive, agricultural landscape, in woodlands, and along lakes. Some old gravel tracks can also pop up along the ride. Take the time to stop for a cooling dip and be spellbound by beautiful views and exciting artworks you'll encounter around the lake. All the trips begin at Ulvsby herrgård and then go to one of fabulous Sunne's four beautiful parish villages. One short stretch, app 600 metres, goes along a road with more traffic. We take things calmly and carefully here!
