

# DÖMLE HERRGÅRD SPA & RESORT

## Between dream and reality

Dömle Herrgård Spa & Resort is a unique mansion with its own church and combines rich history with a modern concept for romantic weekends, conferences and life's big occasions, such as weddings, birthday parties and christenings. Good food and drink is an important part of Dömle Herrgård Spa & Resort. Add a drink from our wine cellar and you're soon on a true culinary adventure. There are two categories of guest rooms at Dömle Herrgård Spa & Resort: modern hotel rooms and beautiful manor-house style. The manor-house rooms are all unique and have been modernised with lots of care and consideration. All rooms have private bathrooms with WC and shower, TV and WiFi.

You will find a brand new SPA & Relax, where you can relax and enjoy hot tubs outside and inside, exclusive sauna, lounge and large terrace with lovely seating areas with wonderful view of the lake. Treat yourself a lot more by booking a treatment. The surrounding park provides a nice setting for relaxation and walks. Play padel, hit the gym or take a swim down by the beach. There is an 18-hole golf course, ForshagaDeje GK, next to the Manor with challenges for novices and enthusiasts alike.
