

NATURBYN

Back to nature...

A secluded forest location, no electricity, cooking over open fire, bathing in cool clear lakes and drinking ice-cold water from the well. You stay in hand-built log cabins and tree-houses located on the shore of Lake Eldan in Långserud. Or on the floating cabin on the lake. During the day you can take a canoe trip on the lake where there are lots of small islands and bathing places. There is plenty of fish in the lake, so why not try to catch a perch for lunch? Prepare all your meals over the fire in the outdoor kitchen. In the evening you try the wood-heated sauna and then jump in the lake. Packages with cabin, canoe, life-vests, wood-heated sauna, cooking equipment and wood for fire.

- Treetop cabins
- 4-bed timber cabins
- Floating cabin
- Canoes
- Outdoor cooking
- Fishing
