

SEA KAYAKING

Sea Kayaking – Search Explore and Discover

Discover a water land you never imagined existed! Beginners and skilled paddlers are welcome to join us for different activities. We are paddling through the most diverse environments. We offer you unique experiences, from small lake systems surrounded by deep forests in the borderland between Sweden and Norway to the huge open waters of Lake Vänern with its 22 000 islands and islets. One of the world's top paddling destinations in Europe's greatest freshwater archipelago is waiting for you. During our adventures you will develop your paddling skills combined with an insight in the nature and culture of a wonderful part of Scandinavia. We find the "forgotten", wild and remote areas where you will experience quietness and silence and be one with nature.

- 2 days paddling for beginners
- 2 -7 days for more experienced paddlers

Where?

Lake Vänern:

Nature Reserves Millesvik and Lurö archipelagos. Starting point Ekenäs Värmlandsnäs or Krokstad Manor near Säffle. Nature reserve Kils/Åråsviken and Nature reserve Värmland archipelago near Kristinehamn.

Small lakes in forest land:

Lake Vortungen near Römskog, Norway

Lakes Kornsjöarna in the borderland Sweden Norway

Accommodation: You choose and we arrange from tent, youth hostel, hotel and mansion.

When? May to October

We are a small company passionate about helping people explore different places through challenge and adventure. Our idea is to work with small groups on request to give the most unique experience for what our customers want.
