

# VALBERGSÄNGEN

## Hotels and hostels in scenic Torsby, Värmland

Valbergsängen is a newly built sports and recreation facility located just 1.5 km from Torsby Centre, in the heart of Valberget's recreation area and within walking distance of Sweden's first ski tunnel, the Torsby Ski Tunnel. Here you will find both hotel and hostel accommodation. Come and work out, relax and eat good food, which you can either prepare yourself or enjoy in our restaurant. How you spend your time with us is entirely up to you: in Sweden's first ski tunnel, the Valberget recreation area or by visiting any of Värmland's abundance of attractions and activities.

In winter, the area also offers a variety of ski trails. If you prefer alpine skiing the snow-clad slopes of Hovfjället are within easy reach.

Valbergsängen is close to everything.

Welcome!
